Hi all,

I've been out for a couple of days, so am not sure if this typo was caught yet. In the first bullet, please change the year of the CSTAG approval to 2018.

Thanks,
Frances

I had some edits, including OU4 updates. I didn't get it down to 2 pages, though...

Subject: FW: Request for updates to Passaic Diamond-Alkali Hot Sites Fact Sheet

Woolford requested an update to the Diamond Alkali Hot Sites Fact Sheet, as you see below. I have re-formatted it to the new format required. Please send me your edits by noon on Tues 6/26.

Note that we are about ½ page over the 2-page limit – any deletions you can suggest would be appreciated.

Subject: Request for updates to Passaic Diamond-Alkali Hot Sites Fact Sheet

Hi Alice,

Jim Woolford is requesting an update to the Passaic Diamond-Alkali Hot Sites Fact Sheet (which are being renamed internal site status updates). The most recent one is attached (April 2017) but it is not in the format that is now requested for fact sheets, so I have attached the template as well. Would you be able to provide an updated fact sheet (using the format outlined in the template) by COB Wed 6/27? Jim specifically asked that the fact sheet reflect any updates on the RI/FS - Upper River.

Please let me know if you have any questions. They ask the fact sheet be no more than 2 pages.

Thanks,
Sun
